LANGUAGES

Spanish: Native
language

English: C2

Proficient

- Planned website development, converting mockups into usable web presence with HTML, JavaScript, AJAX and JSON coding.
- Provided ongoing efficiency and security maintenance and patching on website interface to maintain viability after launch.
- Coded websites using HTML, CSS, JavaScript and jQuery languages.
- Built and styled new mobile-friendly websites.
- Oversaw back-end development using Node.js to maintain website integrity, security and efficiency.
- Discussed site and app requirements with clients to produce actionable development plans and budgets.
- Generated web hosting presence to accommodate specified needs, uploading and maintaining files on account.
- Quickly learned new skills and applied them to daily tasks, improving efficiency and productivity.
- Carried out day-day-day duties accurately and efficiently.
- Worked flexible hours; night, weekend, and holiday shifts.

August 2022 - September 2022

Api For Personal Purpose - Backend Developer, San Juan De
Pasto- Colombia

- Implemented one scalable and robust API for handling, creating and consuming data with Java, Spring and Angular.
- Using object-oriented approach and design patterns, I ensured code consistency and maintainability.
- I used Spring framework to facilitate dependency injection and security feature implementation, while Angular was used for UI development.

CERTIFICATIONS

- Certified C2 in English by the EF SET-
